

# ROAD MAP

Come co-create a new reality with us!

GLOBAL VILLAGE  
new world

## **A community focused on Prosperity, Sustainability, and Environmental Regeneration!**

**Through the planting of organic food, the reforestation of degraded areas, and the production of culturally and educationally valuable content, the Global Village invites you to co-create a reality of prosperity and abundance.**

Thanks to Blockchain technology, the Global Village connects you to a sustainable community and environmental regeneration projects.

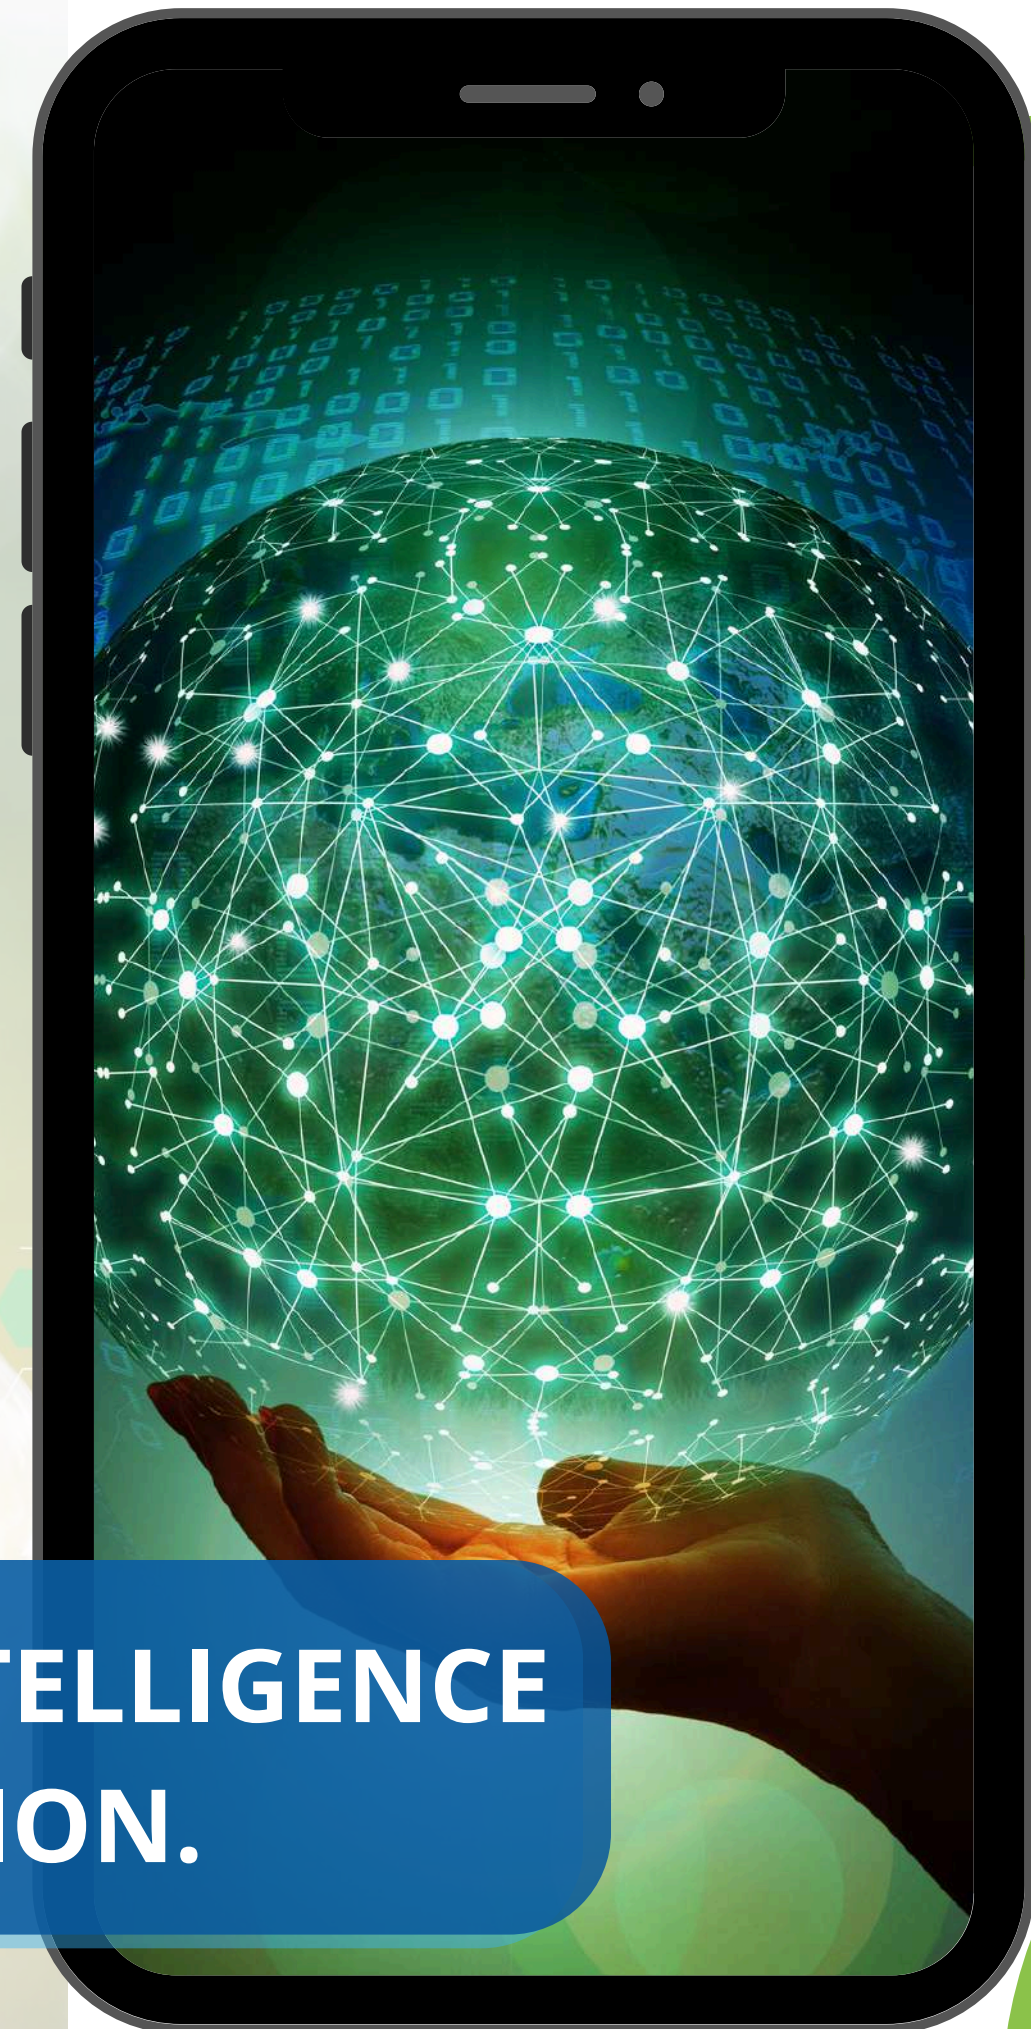

## Biochain

If blockchain is the cryptographic chain that regulates data, then Biochain is the chain connected to REAL PEOPLE.

We connect:

- Sustainable and decentralized circular economy;
- Culture;
- Market;
- Environment;
- Education.

**RESPOND WITH INTELLIGENCE  
AND PRECISION.**

# Crypto seeds

**Our currency is decentralized, encrypted and digital to encourage the active circulation of money through acceptance and exchange, promoting circular economies that discourage accumulation.**

**It operates through a planned cash flow, and its value is directly linked to environmental regeneration and agroforestry planting, through social and environmental investments capable of generating prosperity collectively and communally.**

**Each community we plant helps restore the planet's airborne rivers and preserve groundwater.**

# Expansion Plan

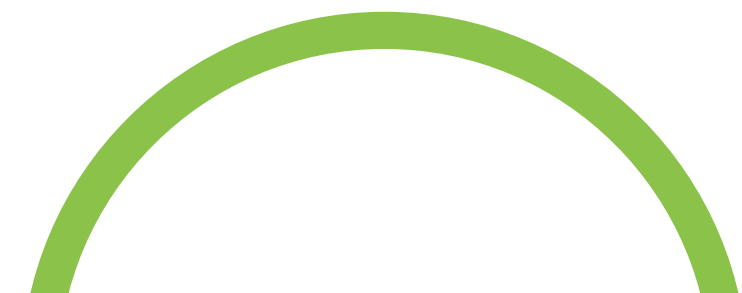

**ALDEA GLOBAL**
